

# grotamar<sup>®</sup> 82

## Stops microbial contamination in diesel fuel.

- specifically developed for modern diesel fuels including low sulphur diesels and fuels containing biodiesel
- new protective formula to prevent premature oil degradation caused by ageing
- fast and highly effective against bacteria, yeasts and moulds
- excellent long-term protection for fuel tank, pipes and engine

- excellent solubility and dispersion in all types of diesel fuels, heating oils (including B0-B20) and biodiesel
- no corrosive combustion products
- effectively protects steel, aluminium, copper and other non-ferrous metals against corrosion
- based on the active of grotamar<sup>®</sup> 71

Use biocides safely. Always read the label and product information before use. Keep out of reach of children.
